UNCONVENTIONAL SLEEP PRODUCTS

非一般的床上用品

It is no secret that the classic Beautyrest® mattress series from Simmons® brings us 'uninterrupted sleep'. Equipped with the patented Pocketed Coils, they conform naturally to your body curves and weight and provide uniform support to every part of your body. Pocketed Coils are designed to work independently, effectively reducing the motion transfer produced by the toss and turn of your partner. The result of uninterrupted and unblemished sleep can be further enhanced when coupled with the latest Beautyrest® COOLMAX® Pillow. A total rejuvenation of body and mind can be achieved. Other pillows are also on display in the new Simmons Shop, such as the newest Beautyrest® Pocketed Coils Pillow — Classic and Beautyrest® Kids Allergen Reduction Bed Pillow, specially designed for children. Together, they cater to the sleeping needs of you and your family.

Now, while you are visiting the Simmons new shop in Tuen Mun or other Simmons Shops, present the designated credit cards and you can get special gifts or additional discount and enjoy free instalment scheme. So come to Simmons and bring quality sleep home.
